HEAVY-DUTY 2-POSTS

Expand your fleet service capabilities, avoid downtime and increase your bottom line with Challenger Lifts' 15,000 lb. and 18,000 lb. capacity 2-post lifts. Our Heavy-Duty Series lifts offer features such as low-profile 2-stage or 3-stage (15000-3S) arms, padded overhead cut-off bar, and standard adapter accessories. For higher-profile vehicles, column extensions are also available.

CL Challenger Lifts

FEATURES & BENEFITS

- » 15,000 lb. or 18,000 lb. lift capacity
- » Heavy-duty 2-stage front and rear arms for symmetric truck lifting (15000 & 18000 models)
- » **Heavy-duty 3-stage front and rear arms with a low-profile adapter designed to service Euro-style cargo vans (15000-3S model)**
- » Single-point air actuated lock release allows the technician to disengage both columns simultaneously
- » Oversized 5" diameter steel pulley and heavy-duty 3/8" cable reduces stress on equalization system and increases cable life
- » 60" lifting carriage design increases lift life
- » Padded overhead shut off system prevents vehicle damage
- » Premium powder coat finish provides long-lasting durability
- » Plated arm pins inhibit rust and provide long-lasting durability
- » Heavy-duty rubber screw pads accommodate a wide range of recommended vehicle lifting points
- » Standard dual integrated rubber door guards help protect vehicle panels from inadvertent damage
- » Standard combination stack screw pads and storage brackets accommodate a wide range of vehicle pick up points
